

O WE'RE WAITING

G C D G
O we're waiting for that day

G/B C D G
When all injustice flees away

G C D Em
O we're fighting for that day

G/B C D G
When all creation sings..... again

C D/F# G C
Your pregnant creation is groaning for
Full restoration as healing pours
Air will be clean and the water clear
Love has now driven out every fear

O we're...

Nations at war will now reach for peace
The trafficked and trampled will find release
Scars will no longer betray their wounds
This Kingdom is present, yet coming soon

O we're...

Am Em D C
Act-ive waiting
Anticipating/demonstrating
No escaping

Am Am/G D
This Kingdom breaking in

Powers that be will no longer be.
Empires consigned to history
Death has been buried for evermore
New life is screaming from every pore
O we're...
